By the Statute 3 and 4, W. IV., C. 85, Secs. XLIII-LI. inclusive, it is enacted as follows :—

XLIII. And be it enacted, that the said Governor General in Council shall have power to make laws and regulations for repealing, amending, or altering any laws or regulations whatever now in force or hereafter to be in force in the said territories or any part thereof, and to make laws and regulations for all persons, whether British or Native, foreigners or others, and for all Courts of Justice, whether established by His Majesty's Charters or otherwise, and the jurisdiction thereof, and for all places and things whatsoever within and throughout the whole or any part of the said territories, and for all servants of the said Company within the dominions of Princes and States in alliance with the said Company; save and except that the said Governor General in Council shall not have the power of making any laws or regulations which shall in any way repeal, vary, suspend, or affect any of the provisions of this Act, or any of the provisions of the Acts for punishing mutiny and desertion of Officers and Soldiers, whether in the service of His Majesty or the said Company, or any provisions of any Act hereafter to be passed in anywise affecting the said Company or the said territories or the inhabitants thereof, or any laws and regulations which shall in any way affect any prerogative of the Crown, or the authority of Parliament, or the constitution or rights of the said Company, or any part of the unwritten laws or constitutions of the United Kingdom of Great Britain and Ireland whereon may depend in any degree the allegiance of any person to the Crown of the United Kingdom, or the sovereignty or dominion of the said Crown over any part of the said territories. [By 16 and 17 Vic. C. 95, Sec. 26, no law or regulation is to be invalid only because it affects any prerogative of the Crown, provided the *previous* sanction of the Crown be obtained.]

XLIV. Provided always, and be it enacted, that in case the said Court of Directors, under such control as by this Act is provided, shall signify to the said Governor General in Council their disallowance of any laws or regulations by the said Governor General in Council made, then and in every such case, upon receipt by the said Governor General in Council of notice of such disallowance, the said Governor General in Council shall forthwith repeal all laws and regulations so disallowed.

XLV. Provided also, and be it enacted, that all laws and regulations made as aforesaid, so long as they shall remain unrepealed, shall be of the same force and effect within and throughout the said territories as any Act of Parliament would or ought to be within the same territories, and shall be taken notice of by all Courts of Justice whatsoever within the same territories, in the same manner as any public Act of Parliament

would and ought to be taken notice of; and it shall not be necessary to register or publish in any Court of Justice any laws or regulations made by the said Governor General in Council.

XLVI. Provided also, and be it enacted, that it shall not be lawful for the said Governor General in Council, without the previous sanction of the said Court of Directors, to make any law or regulation whereby power shall be given to any Courts of Justice, other than the Courts of Justice established by His Majesty's Charters, to sentence to the punishment of death any of His Majesty's natural-born subjects born in Europe, or the children of such subjects, or which shall abolish any of the Courts of Justice established by His Majesty's Charters.

XLVII. And be it enacted, that the said Court of Directors shall forthwith submit, for the approbation of the said Board, such rules as they shall deem expedient for the procedure of the Governor General in Council in the discharge and exercise of all powers, functions, and duties imposed on or vested in him by virtue of this Act, or to be imposed or vested in him by any other Act or Acts; which rules shall prescribe the modes of promulgation of any laws or regulations to be made by the said Governor General in Council, and of the authentication of all acts and proceedings whatsoever of the said Governor General in Council; and such rules, when approved by the said Board of Commissioners, shall be of the same force as if they had been inserted in this Act; provided always, that such rules shall be laid before both Houses of Parliament in the session next after the approval thereof.

XLVIII. Provided always, and be it enacted, that all laws and regulations shall be made at some meeting of the Council at which the said Governor General and at least three of the ordinary Members of Council shall be assembled, and that all other functions of the said Governor General in Council may be exercised by the said Governor General and one or more ordinary Member or Members of Council; and that in every case of difference of opinion at meetings of the said Council where there shall be an equality of voices, the said Governor General shall have two votes or the casting vote. [See note to Sec. 41, and see also 16 and 17 Vic. C. 95, Secs. 22-23]

XLIX. Provided always, and be it enacted, that when and so often as any measure shall be proposed before the said Governor General in Council whereby the safety, tranquillity or interests of the British possessions in India, or any part thereof, are or may be, in the judgment of the said Governor General, essentially affected, and the said Governor General shall be of opinion either that the measure proposed ought to be adopted or carried into execution, or that the same ought to be suspended or wholly rejected, and the majority in Council then present shall differ in and dissent from such opinion, the said Governor General and Members of Council are hereby directed forthwith mutually to exchange with and communicate to each other in writing under their respective hands, to be recorded at large on their secret consultations, the grounds and reasons of their respective opinions; and if after considering the same, the said Governor General and the majority in Council shall still differ in opinion, it shall be lawful for the

said Governor General of his own authority and of his own responsibility, to suspend or reject the measure so proposed in part or in whole, or to adopt and carry the measure so proposed into execution, as the said Governor General shall think fit and expedient.

L. And be it enacted, that the said Council shall from time to time assemble at such place or places as shall be appointed by the said Governor General in Council within the said territories, and that as often as the said Council shall assemble within any of the Presidencies of Fort Saint George, Bombay or Agra, the Governor of such Presidency shall act as an extraordinary Member of Council.

LI. Provided always, and be it enacted, that nothing herein contained shall extend to affect in any way the right of Parliament to make laws for the said territories and for all the inhabitants thereof; and it is expressly declared that a full, complete, and constantly existing right and power is intended to be reserved to Parliament to control, supersede, or prevent all proceedings and acts whatsoever of the said Governor General in Council, and to repeal and alter at any time any law or regulation whatsoever made by the said Governor General in Council, and in all respects to legislate for the said territories and all the inhabitants thereof in as full and ample a manner as if this Act had not been passed; and the better to enable Parliament to exercise at times such right and power, all laws and regulations made by the said Governor General in Council shall be transmitted to England, and laid before both Houses of Parliament, in the same manner as is now by law provided concerning the rules and regulations made by the several Governments in India.

"By the subsequent Statute 16 and 17, Vic. C. 95, Secs. XXII-XXVI, it is enacted as follows:—

XXII. For the better Exercise of the Powers of making Laws and Regulations, now vested in the Governor General of *India* in Council, the several Persons hereinafter mentioned shall, in addition to and together with such Governor General and the Members of the said Council, under the said Act of the Third and Fourth Years of King *William* the Fourth, be Members of the said Council of *India* for and in relation to the Exercise of all such Powers of making Laws and Regulations as aforesaid, and shall be distinguished as Legislative Councillors thereof; (that is to say,)

One Member for each Presidency and Lieutenant-Governorship for the Time being established in the said Territories, to be appointed from Time to Time by the Governor of such Presidency and the Lieutenant-Governor of such Lieutenant-Governorship respectively from among the Persons having been or being at the time of their Appointment in the Civil Service of such Company within such Presidency or Lieutenant-Governorship, and who shall have been Ten Years in the Service of the said Company.

The Chief Justice of the Supreme Court of Judicature at *Fort William* in *Bengal*, or the Chief Justice or Chief Judge of any Court of Judicature hereafter to be constituted in the said Territories to or in which the Powers of such Supreme Court may be transferred or vested.

One of the other Judges of such Supreme Court, or One of the Judges appointed by Her Majesty of any such future Court as aforesaid, to be named by the said Governor General :

And it shall be lawful for the Court of Directors, if they think it expedient, under the Direction and Control of the Board of Commissioners for the Affairs of *India*, to authorize and direct the Governor General of *India* to appoint from Time to Time, in addition to such Legislative Councillors as aforesaid, Two Persons, to be selected by the said Governor General, having been Ten Years in the Service of the Company, to be Legislative Councillors of the said Council under this Act. Provided always, that the Legislative Councillors added to the Council of *India* by or under this Act shall not be entitled to sit or vote in the said Council except at Meetings thereof for making Laws and Regulations.

XXIII. It shall be lawful for such Governor General to appoint any Member of the said Council to be Vice-President thereof at Meetings of the said Council for making Laws and Regulations, who shall preside therein at such meetings in the Absence of such Governor General, and in the Absence of such Vice-President, the senior ordinary Member of the Council of *India* there present shall preside therein ; and the Powers of making Laws or Regulations vested in the said Governor General in Council shall be exercised only at Meetings of the said Council, at which such Governor General or Vice-President or some ordinary Member of Council, and Six or more Members of the said Council, shall be assembled, the Chief Justice or Chief Judge, or such other Judge of the Supreme Court or such other Court as aforesaid, or the Fourth Ordinary Member of the said Council of *India*, being One ; and in every Case of Difference of Opinion at Meetings of the said Council for making Laws and Regulations, where there shall be an Equality of Voices, the Governor General, or in his Absence the Vice-President, and in the Absence of the Governor General and Vice-President such senior ordinary Member of Council there present and presiding shall have Two Votes or the Casting Vote.

XXIV. Provided always, That no Law or Regulation made by the said Council shall have Force or be promulgated until the same has been assented to by the said Governor General, whether he shall or shall not have been present in Council at the making thereof.

XXV. Provided also, that the said Governor General shall by Proclamation appoint a Time, not being later than Six Months from the Commencement of this Act, for the First Meeting of the said Council of *India* for making Laws and Regulations under this Act, and summon thereto as well the Legislative Councillors appointed by and under this Act as the other Members of such Council ; and until such First Meeting the Powers now vested in the said Governor General of *India* in Council of making Laws and Regulations shall and may be exercised in like Manner and by the same Members as before the passing of this Act.

XXVI. No Law or Regulation made by the Governor General in Council shall be invalid by reason only that the same affects any Prerogative of the Crown, provided such

Law or Regulation shall have received the previous Sanction of the Crown, signified under the Royal Sign Manual of Her Majesty, countersigned by the President of the Board of Commissioners for the Affairs of *India*.

The Governor General in Council commenced the exercise of the Legislative Powers conferred by the first of the Statutes above quoted, in the year ~~1855~~ 1854.

In the following pages an attempt has been made to furnish a guide to the principal matters which are to be found in the series of Laws and Regulations passed by the Governor General in Council from the commencement of the Legislative labors of that body up to the end of the year 1857.

Article 4 of Rule registered on 11th July 1820, in part repealed by Act III. of 1855.		
<i>N B</i> —As all Regulations (with the exceptions above noticed) prior to 1827 were repealed by Act I. of 1838, the repeal of some of the above specified parts of Regulations seems to have been superfluous. Act I of 1852 repeals all the Regulations prior to 1827 reserved by Act I. of 1838		
<i>NOTE</i> —Several "Rules, Ordinances and Regulations" prior to 1827 are repealed by Act XIII. of 1856. Rule, Ordinance and Regulation III. of 1812 and III. of 1815 are repealed by Act XIV. of 1856. Query, whether these are Regulations of the regular Code, or merely local Regulations of Police?
